The Team Building Course

OUR TEAM BUILDING EXPERIENCE PROMOTES LEADERSHIP, SELF-CONFIDENCE, COMMUNICATION AND TEAMWORK

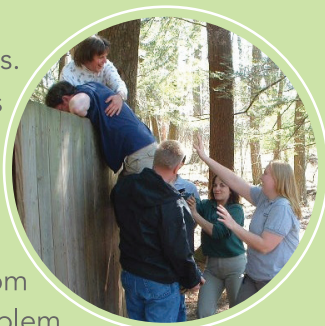

There are two parts to our Team Building Experience:

- The Team Building Course
- The Low Ropes Confidence Course

The **Team Building course** consists of a series of outdoor challenges designed to promote teamwork within and among the members of any group!

The program requires participation of all team members to plan and execute solutions to physically and mentally stimulating tasks. Learning occurs primarily as a result of the process itself.

Teams move from problem to problem, using the successes and challenges of their previous efforts to increase problem-solving ability. PEEC staff will facilitate all of the activities.

Low Ropes Confidence Course

The **Confidence Course** activities are designed to increase individual capabilities and cooperative abilities of your group. The sessions begin with a series of warm-up exercises based on total group participation. These exercises establish the trust and positive attitude necessary to help everyone through individual challenge elements. The elements are outdoors and are designed for each person to work both individually and with other group members to complete a specific task.

How To Plan Your Experience

"Teams" of 12-15 are optimal.
(Participants must be at least 12 years old.)

Plan on allotting a minimum of 3-hours for the Team Building Experience.

Cost/person for the 3-hour experience: \$19.00*

Call PEEC:
570-828-2310 x 227
to schedule the date of your visit.

If you have more time to spend at PEEC, ask about the extension activities which include canoeing and orienteering.

Lunch and/or snacks are available upon request for an additional fee.
