In addition to registering online, candidates must apply directly to PEEC through the Assistant Camp Manager. *Applications must be received by June 4 to be considered.*

Behavioral Expectations and Policy

Each year we look forward to having campers who are ready to learn and be active adventurers in our camp curriculum. All campers and parents must agree to PEEC's behavioral policies in order to attend camp. Our rules are based on respect for the safety and well-being of the PEEC community. Campers and parents may not physically or emotionally endanger themselves, other campers, staff, or other people. Stealing, damaging, or destroying camper, staff, or PEEC property will result in the removal of camper from the program.

COVID-19 Safety

Following the success of our 2020 season, PEEC has learned a number of safety protocols that will aid in keeping your child safe at camp. The following measures are expected to continue to be in effect for our 2021 season to align with state and federal guidelines for camp and childcare facilities.

- Masks when within 6 feet of individuals both indoors and outdoors
- A strong emphasis on social distancing and outdoor activities
- Daily health screenings for staff and campers
- Strict cleaning and sanitization protocols daily.

We owe a huge thanks to our families for following safety practices both at camp and at home. Every step you take at home makes camp safer for our PEEC Family! See peec.org for the most up-to-date camp information as we adapt to the latest COVID-19 safety standards
