

Summer Camp One-on-One Support Personnel Policy

To help keep every camper safe and supported, and in line with state safety guidelines, anyone providing one-on-one care at camp (such as aides, behavioral staff, or personal care assistants) must have current Pennsylvania child clearances. These include the Child Abuse History Clearance, State Police Criminal Record Check, and FBI Background Check (if they've lived outside Pennsylvania in the past 10 years).

Clearances can be sent directly to PEEC or verified through the agency that employs the aide. If clearances are still being processed, please share proof of submission before camp starts, and we'll update your file once they're complete.

If you or your agency need help with the process, we're happy to assist. Thank you for helping us keep our camp a safe and welcoming place.
