Planning Your Trip - Steps for Success

Use this Checklist to Implement a Successful PEEC Experience

3-6 Months Prior to Your Trip – Book your trip

Contact PEEC's Group Director (570-828-2310 ext. 227) to book your trip and to request a contract.

After the contract has been created, signed and returned to PEEC with deposit, PEEC's Schedule Coordinator (570-828-2310 ext. 240) will contact you to plan the details of your trip.

1-3 Months Prior to Your Trip – Organize your Group

_____ Learning Groups – 15 students per learning group.

_____ Cabin/Sleeping Assignments

You will have been given your cabin assignments when creating your contract and when speaking with the Group Director. Refer to the campus map on page 23 to see where your cabins are located. Fill out the spaces on pages 13-16 to arrange sleeping assignments.

_____ Meal-Time Table Assignments – 8 people/table

If there are any **special dietary needs**, please share them with the Schedule Coordinator.

_____ Support Staff – Make sure to have enough teachers, group leaders, parents and volunteers as chaperones for your group. (Minimum 1 adult per learning group of 15 students)

_____ A visit to the PEEC Store can be included in your schedule. Contact your Schedule Coordinator for details. Souvenirs in all price ranges are available. \$10 minimum is required for credit card purchases.

4 Weeks Prior to Your Trip – Finalize numbers and schedule

_____ **FINALIZE YOUR SCHEDULE:** The Schedule Coordinator will connect with you to be sure your schedule is correct.

_____ **CONFIRM YOUR GROUP NUMBERS:** Be aware that PEEC requires a confirmed group number at least 3 weeks prior to arrival. This will be the number of people you will be held financially responsible for at the time of billing.

_____ **Return a signed copy of our Code of Conduct: A terms of use agreement that all visiting schools and organizations must abide by (see pages 21+22).**

_____ **At this time, finalize special dietary needs with the Schedule Coordinator so that we can adjust your menu accordingly.**

NOTES: _____

Planning Your Trip - Steps for Success

How to Plan and Implement a Successful PEEC Experience

1-3 Weeks Prior to Your Trip – Discuss Expectations

- ___ **Orient adults** – Have a meeting to discuss supervision, teaching, and discipline. Talk about goals and adult roles. (See page 11)
- ___ **Distribute**
 - schedules
 - packing list (pg. 17)
 - maps (pg. 23)
 - cabin assignments
 - dining hall table assignments,
 - learning group assignments.
- ___ **Inform students and their parents/guardians of expectations.** (See pg. 11)
- ___ **Confirm photo release plan** with Schedule Coordinator .

Day of Your Trip

- ___ Please call PEEC at 570-828-2319 with your estimated arrival time and final numbers before you leave your school.
- ___ Upon arrival at PEEC, check in at the Front Desk and meet your PEEC host.
- ___ Cabin Check-In time begins at 3:00 pm. If you arrive earlier, you may store your group's belongings in the main building luggage rooms.

During your Stay at PEEC

Remember to:

- ___ Stay in contact with your Host.
- ___ Keep your cabins clean.
- ___ Storing food is not permitted inside the cabin . Please speak with your Host about storage locations for any snacks.
- ___ Please have at least one adult and all students present at cabin inspection on your final morning.

Before You Leave

- ___ Settle your bill with PEEC's business office and your Host prior to your departure. Please check your schedule for "Billing Meeting".
- ___ Confirm the dates for your next visit.
- ___ Return completed evaluation forms to your PEEC Host before you leave . These are an important part of our planning process. We use this feedback to improve future programming whenever possible.

PEEC Class Descriptions

Most programs run 1.5 hrs, but there are some exceptions. Optimum learning group size is 15 students to 1 PEEC instructor.

Science Based Studies

Astronomy – Students study the stars, the moon, and the planets in the night sky during this indoor/outdoor class. Topics of interest may also include constellations, the Milky Way, and the moon phases.

Beaver Study – An exploration into the world of beaver adaptations and life-styles. Students learn the importance of beaver presence in wetland habitats and the effects of human interaction on beaver activity. Field studies allow students the opportunity to observe signs of beavers.

EcoZone – Explore and discover this unique “hands-on” room that is filled with different life-sized animal habitats (including a bat cave, a beaver lodge, and an eagle’s nest), sustainable living ideas, and interesting animal displays. What was once the indoor pool in PEEC’s Main Building has been totally transformed! The EcoZone is perfect for any age, any time of year.

Entomology – Join us to study the most populous and diverse grouping of animals on our planet. We’ll cover topics like unique adaptations of flight, why they might give us the creepy crawlies, and how we classify insects to help us understand them better.

Forest Ecology – PEEC’s campus provides an ideal outdoor classroom for students to observe different forest communities. Students will learn about common trees in this region, the structure of forests, concepts of forest succession, and forest dynamics.

Geology – Students will learn about the geologic history and processes that have shaped this region. Students will also learn about plate tectonics and the formation of fossils. Emphasis will be placed on understanding glacial processes and the landscapes glaciers leave behind them.

Herpetology – Students will have the opportunity to explore the diverse species, behaviors, and ecological roles of reptiles and amphibians. By studying these animals up close, students can gain a deeper appreciation for the delicate creatures that call our woods home.

Mammal Study – Mammals are one of the most well-recognized parts of the animal kingdom. Students will learn how mammals are classified, adaptations that help mammals survive, and how humans can co-exist. This class offers hands on opportunities with mammal pelts, and skulls, as well as opportunities to see signs of mammals in the wild.

Night Hike – Students will take a walk in the darkness and learn through activities about night vision, human and nocturnal animals’ nighttime adaptations and will experience the woods at night without flashlights.

Nocturnal Study – This program invites students to discover the mysteries of the nighttime world. Through this class, students will learn about nocturnal animals, their unique adaptations, and how they navigate the darkness. Exploring the creatures that stalk, and survive these low-light conditions opens a whole new world of curiosity.

Ornithology – An introductory class on what special characteristics birds have, what we can learn about birds based on their characteristics, and why birds can fly. Students will observe common birds at our feeders or outside on a trail.

*Photo Credit:
Andy Zimmermann*

PEEC Class Descriptions

Pond Ecology – This hands-on class focuses on a pond as a unique habitat and the creatures adapted to living in a lentic water system. Students will learn how pond creatures can be used as biotic indicators in determining water quality. This lesson can be extended to include water testing kits.

Predator & Prey – This multi-group game challenges students to think on their feet in a fast-paced survival simulation. We'll cover population changes and the impacts of bioaccumulation in ecosystems. (Minimum combined group size 20 people.)

Sensory Awareness – Various activities will help students understand the importance of using the senses they typically do not rely on, as well as building confidence and trust.

Stream Ecology – This lesson focuses on the ecological study of a PEEC stream, its organisms, life cycle, food webs, stream flow, riparian ecology, and water quality

Stream Study – Become an aquatic biologist for the day. Students will study our pristine Spackman's Creek through a physical assessment, chemical testing and a biological survey of water quality indicator species.

Sustainability – This class asks “What is sustainability and what does it mean to us as humans?” We'll also ask how we identify renewable vs . nonrenewable resources in relation to sustaining our species .

Watershed Study – Students will gain an understanding of the concept of a watershed through hands-on activities . Focus is on how the characteristics and activities within a watershed affect stream life and water quality, as well as the importance of watersheds and on the importance of watersheds in environmental issues and land management . Discussion will include consideration of the watershed where you live .

Wildlife Study – Students will learn to identify wildlife and the adaptations that help them survive . There will be hands on learning experiences with live critters as well as interactions with persevered pelts and skulls . Students will also study how different animals will change to their environments, and how they co-exist .

Winter Ecology – Students learn about the adaptations that plants and animals have developed in order to stay alive in winter . An exploration into topics such as hibernation, dormancy, and migration allows students the chance to understand the happens to the natural world in the winter. Other topics may include winter tree identification and snow studies. Offered what November - March .

Interpretive Hikes

Interpretive Hikes – The PEEC campus contains 6 hiking trails ranging in length and difficulty. All trails have corresponding interpretive brochures . Hikes can be led by your staff or a PEEC instructor .

- **Fossil Trail** – The 1.03 mile Fossil Trail provides a geological journey with a look into a fossil bed containing ancient marine life forms. *Difficulty Level: Moderate*
- **Flashlight Hike** – Take an evening hike to explore the changes of habitats in the dark. Please bring your own flashlights. *Difficulty Level: Easy*
- **Ridgeline Trail** – The longest trail at PEEC is the 3.63 mile Ridgeline Trail, which provides hikers with views of many different habitats. Expect 3-3.5 hrs to complete the trail. *Difficulty Level: Moderate*
- **Scenic Gorge** – Explore the 1.5 mile Scenic Gorge trail for a tour of a beautiful hemlock ravine. *Difficulty Level: Easy*
- **Tumbling Waters** – The most scenic trail is the 3.01 mile Tumbling Waters trail which follows various terrains and leads hikers to a gorgeous waterfall. Expect 3-3.5 hrs to complete the trail. *Difficulty Level: Moderate*
- **Two Ponds** – Students can become familiar with the aquatic aspects of PEEC along the 1.4 mile Two Ponds trail. *Difficulty Level: Easy*

PEEC Class Descriptions

- **Trail for Everyone** – The wheelchair and stroller-friendly, 0.3 mile Trail for Everyone (Violet Trail) meanders around PEEC's lower campus with easy access to both pavilions and the outdoor fireplace. Benches along the trail provide spots to rest and reflect. *Difficulty Level: Easy*

Outdoor Skills

Canoeing – An introduction to canoeing basics (equipment, safety, and paddling techniques) followed by a paddling outing on one of PEEC's ponds. Available May through October, weather permitting. A certified lifeguard will be out on the water for any emergency situations.

Intro to Camping – The focus of this session is on how to plan and prepare for spending time outdoors, such as factors to consider if you plan to do a day hike or an overnight trip. Topics/activities may include Leave No Trace Principles, fire building, knot tying, setting up a tarp shelter, and how to prepare a campsite.

Orienteering – Students are taught how to use a map and compass to find orienteering markers on one of PEEC's 2 orienteering courses. This is an empowering lesson for anyone who wants to spend time hiking or traveling outdoors. Students increase confidence within themselves and their group.

Creative Problem Solving

Group Initiatives - To extend your team building experience, or for younger students, group initiatives are available. Group initiatives are team building challenges that focus more on planning, problem solving, and creative thinking, than on physical ability.

New Games – Students will run, laugh, roll, and expend energy with active games. This session provides students with a fun way to work on group cooperation, coordination, and concentration! This can be done as one large group (for example, upon arrival at PEEC) or in smaller learning groups.

Town Meeting – Students simulate a meeting of community members with different interests in an environmental resource and try to convince the 'panel' that their interest in the resource is its best use. Develops individual opinions, personal values, and an understanding of how resource decisions can be made. Inform the Schedule Coordinator of an environmental issue that concerns your school, students, or community.

Challenge Courses

Confidence Course – Our low rope elements are personal challenge and trust based. They build self-confidence and a sense of accomplishment within students as their peers keep them safe through proper spotting.

Team Building – A series of challenges which promote communication, cooperation and decision making within a group. Students need to work together in order to accomplish the task with minimal help from teachers or staff.

Additional activities you may do on your own:

Schedule free time with our Schedule Coordinator to give yourself and the students a break. Feel free to visit our volleyball court, basketball court, gaga pit, or our open field. Students must remain supervised by adult chaperones during this time.

Optional Presenter Description & Price List

Natural History & Live Animal Programs

* Special presenter prices are subject to change . Please check with your Schedule Coordinator for any updated information.

Arachno-Showbia Prices Vary

Meet some of the world's most extraordinary and misunderstood creatures. Appreciate their hunting variations and their ecological significance. Explore the myths and false claims that give them their notorious reputation. Overcome your fear through fascination and education.

Bob Summerfield: Astronomy Program \$275 .00 for first presentation

(average group around 20-25, based on age, approximately 1 hour)

Spend a session in our Planetarium for a live and lively, interactive lesson of what is up there to find and observe. From identifying the North Star (and why it is so important), to the current stars, planets, and constellations visible early in the evening, to observing how the Earth's rotation gives us new wonders to enjoy the later you stay up, you will have a whole new understanding of the gems of the night to take along with you and find from your home location.

Travis Gale: Eyes of the Wild Wildlife Rescue & Education (www.eyeswild.com) \$420/approx 1 hour

Live wildlife shows for all ages. By connecting environmental issues to living creatures, we make conservation personal. In sharing tales of our rescued wildlife, we evoke emotion & passion to drive change through comedy, excitement, & by balancing gravity with hope! All programs are inquiry based and incorporate different learning styles through touch, sound & motion, and encourage audiences to get involved & stay involved during & after our show! Max group size of 50 people.

Jerry and Laura Zelenka \$600.00

Live animal program focused on adaptation, conservation, and habitat.

Pete Mackevich: Pocono Snake & Animal Farm (www.poconoanimals.com) \$325 .00

During this live animal program, Pete handles and discusses a variety of live species, such as snakes, lizards, frogs and toads, alligator, armadillo, fennec fox, and a Madagascan ringtail lemur. Session includes question-and-answer period. Programs can be tailored to a theme such as reptiles or snakes.

Rick Koval (pocononaturalist@yahoo .com) \$325 .00

Rick's Live Animal Program consists of a variety of Reptiles and Amphibians including snakes, salamanders, frogs and turtles.

PT Reptiles \$305 for 1 hour program

PT Reptiles PA is a HANDS ON educational programs which includes alligators, snakes, lizards, turtles, tortoises, frogs, toads, spiders and scorpions. Tailored for specific groups if necessary.

We'll book and schedule your presenter for you!

Optional Presenter Description & Price List

Dancing, Music, & More

Fred Decker.....\$400(Weekday)
Square Dancing Event.....\$425 (Weekend)

Ken Galipeau.....\$350 .00 (1 .5 hr Event)
Stories and songs around a campfire that celebrate the wonder, absurdity, pain and joy of life, imagination, and the soul. Specific “themes” can be requested like the environment, conservation, or nature.

Traditional Earth Skills.....\$480 .00
Interactive programs that encourage land stewardship and ecological sustainability. Content includes: Lenape culture, native wilderness skills, Lewis & Clark, native artifacts. All meet NJCCC Standards.

Obi Kaye.....\$225 .00 (1 hr Event)
Using rhythm as a tool for discovery, expression, and empowerment, Obi Kaye connects us to the world around us. From the use of traditional global percussion instruments to sounds created from recyclable materials, students can explore the world through sound and rhythm.

What your schedule *could* look like

New groups often wonder how their day at PEEC will look. Here's what a 3 day/2 night schedule **COULD** look like. Class times may need to be adjusted depending on arrival and departure time and extra presenters. Your individual schedule will be sent to you before you arrive at PEEC. **Please distribute schedules to all adults in advance.**

DAY 1

11:00 am Arrive at PEEC
 11:15 am Orientation
 12:30 pm Eat Lunch You Brought
 1:30 pm – 3:00 pm Class 1
 3:15 pm – 4:45 pm Class 2
 4:45 pm – 6:00 pm Free time
 6:00 pm DINNER
 7:00 pm – 8:30 pm Class 3 or Presenter
 8:45 pm – 9:45 pm Class 4 (night program or campfire)

DAY 2

8:00 am BREAKFAST
 9:00 am – 10:30 am Class 5
 10:45 am – 12:15 am Class 6
 12:30 pm LUNCH
 1:30 pm – 3:00 pm Class 7
 3:15 pm – 4:45 pm Class 8
 4:45 pm – 6:00 pm Free Time
 6:00 pm DINNER
 7:00 pm – 8:30 pm Class 9 or Presenter
 8:45 pm – 9:45 pm Class 10 (night program or campfire)

DAY 3

7:45 am Cabin Inspection
 8:00 am BREAKFAST
 9:00 am – 10:30 am Class 11
 10:45 am – 12:15 pm Class 12
 12:30 pm LUNCH
 1:00 pm Store
 1:30 pm Depart

Here is what your schedule COULD look like for a 2 day/1 night stay!

DAY 1

11:30 am Arrive at PEEC
 11:45 am Orientation
 12:30 pm Eat Lunch You Brought
 1:30 pm – 3:00 pm Class 1
 3:15 pm – 4:45 pm Class 2
 4:45 pm – 6:00 pm Free Time
 6:00 pm DINNER
 7:00 pm – 8:30 pm Class 3
 8:45 pm – 9:45 pm Class 4 (night program or campfire)

DAY 2

7:45 am Cabin Inspection
 8:00 am BREAKFAST
 9:00 am – 10:30 am Class 5
 10:45 am – 12:15 pm Class 6
 12:30 pm LUNCH
 1:00 pm Store
 1:30 pm Depart

NOTES

- Cabins are not available for check in until 3 pm. You may store your group's luggage in the Main Building Luggage Rooms until cabins are available.
- Cabins are not available after inspections on departure day. Luggage can be stored in our Main Building until your transportation arrives.
- Long Hikes count as 2 classes (see page 5).
- Evening classes usually only last 1 hour.
- A visit to PEEC's Gift Shop can be scheduled into your program.

Lodge	LODGE A or B
Log Cabin	LOG
EcoZone Mural	MURAL
Pavilions	PAV (INSERT #)
Pondside Fire Pit	POSI
PEEC Store	STORE
Rear Main Building	RMB
Teaching Yurts	TY

Teacher & Chaperone Preparation

A PEEC visit works best when students arrive ready to engage and teachers and chaperones are prepared to support — not lead. Our programs are student-driven and discovery-based. PEEC staff facilitate all instruction; your role on campus is to keep students focused, present, and on time, and to step back and let the experience unfold. The groups that get the most out of their time here are the ones whose chaperones are engaged in facilitating the student experience.

Before You Arrive

A little preparation goes a long way. We ask that lead teachers do the following before the group arrives:

- Review, sign, and return the PEEC Code of Conduct, and ensure all chaperones are familiar with its expectations (see pages 21 & 22).
- Discuss group discipline strategies and behavioral expectations with all chaperones before departure. Arrive with a shared standard, not an improvised one.
- Review the separate packing list page and ensure students are prepared with appropriate attire and any required materials.

During Your Experience

- Stay with and actively monitor your assigned students **at all times** — including during meals, free time, and transitions between activities. These are the moments when supervision gaps are most likely to occur.
- Keep students moving and on schedule. Know where your group needs to be and when, and take responsibility for getting them there.
- Encourage students to engage with activities, answer questions themselves, and work through challenges before stepping in.
- During instruction, stay engaged. Side conversations among adults are distracting to students and undermine the program. If you need to step away, do so quietly and briefly.
- Keep cell phones silent and out of sight during instruction time. Phones may be used during meals or breaks.

Evenings and Quiet Hours

Campus quiet hours are from 10:00pm to 7:30am, in accordance with National Park Service regulations. Enforcing quiet hours is the responsibility of group leaders and chaperones. Late nights affect student engagement the following day and impact other groups on campus.

- Assign chaperones to residential areas for overnight supervision. Each occupied area must have an adult present.
- Establish clear expectations with students before lights out. A brief check-in at the start of quiet hours prevents most issues.
- Students are not permitted in or near the lodging areas of other groups at any time.

Emergency Information

Staff Training & Emergency Equipment

Educational PEEC staff are trained and certified in CPR and First Aid. An AED is located in the lobby of the main building. PEEC staff carry first aid kits; additional supplies are available through the front desk.

Medical & Medications

Groups are responsible for administering medication to minors and ensuring that all participants have up-to-date health forms, including medication details and consent for treatment. Medications should be stored in a securely locked container. PEEC can provide one if needed. Groups may bring a certified nurse at no charge. PEEC staff provide support and first aid as part of a safe experience but are not a substitute for professional medical care.

Adult Supervision

Adults accompanying youth are responsible for supervising their students and minors at all times. At no time should minors be left alone with an adult. Adult chaperones must have FBI/state criminal and child abuse clearances. We recommend, but do not require, that all chaperones complete CPR & First Aid training. PEEC staff support groups' safety efforts as part of an overall safe experience.

Emergency Procedures

Upon arrival, your PEEC host will review rules, expectations, and safety procedures during orientation. Campus maps and contact information for the PEEC On-Call Manager and the National Park Service Emergency Dispatch contact will be provided. In an emergency, contact your PEEC host or the On-Call Manager immediately. We encourage groups to collect completed emergency permission forms in advance. These forms help ensure that adults have necessary information to respond quickly and safely in any situation.

Liability & Insurance

PEEC takes reasonable precautions to provide a safe environment. Groups remain responsible for supervising participants, administering medications, and maintaining insurance coverage. PEEC is not responsible for accidents caused by participant actions or for personal property loss/damage. Certificates of Liability Insurance are available upon request.

Clothing & Equipment Packing List

What to bring to be fully prepared for PEEC experiences

Appropriate footwear is essential! Hiking boots or sneakers are required. In winter, snow boots or water-proof shoes are needed. An extra pair of shoes/sneakers is recommended. Please leave sandals and flip-flops at home.

For a 3-day, 2-night stay, we recommend:

Essentials:

- Pillow and sleeping bag or 2 blankets
- **Soap and hand towel (We ask that you provide this in your cabins to reduce the use of paper towels on our campus).**
- 1 Towel
- Toiletries (toothbrush, toothpaste, etc.)
- 3 pairs of loose fitting pants
- 3 shirts
- Pajamas
- 6 pairs of socks (Some will get wet).
- Rainwear — jacket or poncho, boots
- Handkerchief or tissues
- Hat
- Sturdy, Reusable Water Bottle . Vending Machines and Bottled Water are NOT available at PEEC . Re-using disposable water bottles is not recommended.
- Backpack to carry gear during the day
- Sturdy shoes for hiking . Closed-toed shoes must be worn for all PEEC programming.

Winter Months: Pack the following extras:

- Snow boots or water-proof shoes
- Heavy jacket, gloves, scarf
- Wool sweater or fleece (Cotton sweatshirts will not keep you warm if wet).
- Wool/Fleece Hat

Please do not bring:

- Electronics
- Food
- Cell phones
- Single-use water bottles
- Brand new clothing or footwear
- Bathing suits

Optional:

- Flashlights
- Field guides
- Camera (with name on it)
- Binoculars (with name on them)
- Alarm clock
- Bug Spray/Sunscreen
- Notebook & pencils

Cabins are not locked during your stay. Please leave valuables and snacks at home.

Cell phone usage at PEEC is discouraged. Cell phone reception at PEEC is unreliable at best and cell phones have occasionally been lost in the woods. Final decisions regarding cell phone use will be the Group Leader's decision.

Important to Remember!

Please be aware that you will be outside in most weather almost all day long .

PEEC is not responsible for lost or stolen items.

NOTES: _____

We make great effort to accommodate special diets as well as the nine major food allergens (milk, eggs, fish, shellfish, tree nuts, peanuts, wheat, soy, and sesame). Please inform us if anyone from your group has special diets or allergies (including vegetarian and vegan diets) four weeks prior to your trip.

PEEC's Dining Hall is not a certified allergen-free, kosher, or halal kitchen, and serves vegetarian options to accommodate kosher or halal requests.

PEEC will provide appropriate storage for guests who feel more comfortable may bring their own prepared food and reserves the right to ask guests with very specific restrictions to bring their own prepared food or to supplement our offerings.

Please be aware that despite our best efforts, we do not have control over outside food being brought to PEEC.

Dining Hall Information

BREAKFAST - 8:00am	LUNCH - 12:30pm	DINNER - 6:00pm

S'mores	\$1.75	Cookies (x2)	\$1.00
Fruit (1 apple or banana)	\$1.00	Ice Cream Social	\$3.00

Important to Remember!

Our kitchen only prepares food for those with special diets or food allergies based on the information provided by each group . These options are not available for individuals who do not need dietary accommodations .

During meals:

Please arrive on time as service begins promptly . Listen for the following announcements from PEEC Staff:

- All individuals with dietary allergies and restrictions will be called for food first. This allows us to properly accommodate and avoid cross contamination.
- Tables will be called by number, a few at a time to join the serving line.
- After everyone has been served, anyone interested in a second serving may return to the line with their dishes.
- With approximately 15 minutes remaining, each group is responsible for bussing their own tables, wiping them down, and sweeping.

PEEC Schedule of Rates

Bookings less than 3 weeks from trip date will incur a 10% late booking fee.

Photo Release

Leave only footprints, take only pictures, kill only time is a motto we take to heart here at PEEC. Our programs run with your support along with generous grants and donations. We at PEEC would like to share your group's memories with both you and the community. On request, photographs may be sent post-trip to the group coordinator and could be featured on our website blog highlighting your trip with PEEC, as well as help us gain vital funding to continue our work. If your group already has release waivers signed for programming, please notify your Schedule Coordinator. If you would like to use our photo release, feel free to distribute this page for your records. If your group wishes to refrain from photography or has a special request of no faces in photographs, please let the Schedule Coordinator know as soon as possible.

Pocono Environmental Education Center (PEEC) Photo Release Waiver for Groups

I hereby grant to Pocono Environmental Education Center (PEEC), its representatives, and employees the right to photograph my/my child's image, likeness, or depiction. I authorize PEEC to edit, crop, or retouch such photographs, and waive any right to inspect the final photographs. I consent to and permit photographs of me/my child to be used by PEEC for any purpose, including educational and advertisement purposes, and in any medium, including print or electronic.

I agree that PEEC may use such photographs of me/my child with or without my/my child's name for any lawful purpose, including such purposes as publicity, illustration, advertising, and web content.

I acknowledge that I am over the age of 18, have read this entire document, and that I understand its terms and provisions.

Name of Student (printed)

Name of Organization (School, Scout Troop)

Name of Student (Signature)

Age of Student

Date

If student is younger than 18 years of age, a parent/guardian signature is required.

Appendix

Conditions for use of the Pocono Environmental Education Center

1. A group of minors must have an adult leader over the age of 21 who accepts full responsibility for the group and is present for the entire duration of the stay. Overnight groups must have one adult assigned to each occupied residential area. Minors may not be left unsupervised at any time.
2. The applicant accepts full and complete responsibility for the participating group. This document must be shared with all participating leadership prior to arrival.
3. All individuals are expected to observe and abide by the laws of the Commonwealth of Pennsylvania, the United States Government, and the policies and procedures outlined in the PEEC Program Planning Packet.
4. PEEC is not responsible for accidents or personal property loss or damage. Insurance coverage is the responsibility of the participating group.
5. All water-related activities must be conducted under the direction of a qualified PEEC instructor.
6. Unless otherwise arranged, groups must provide their own blankets, pillows, and linens.
7. All participants are expected to maintain a high standard of conduct:
 - a. Quiet hours are from 10:00pm to 7:30am. Common buildings, including the main building and dining hall, will be locked during these times.
 - b. All participants are expected to be respectful of property and designated rental spaces on the premises.
8. Alcohol is not permitted in common areas, shared campus spaces, or any area outside of a guest's assigned cabin and its immediately adjacent outdoor area. Groups wishing to include alcohol as part of their program must request written approval from PEEC leadership no later than three weeks prior to arrival. Approval is granted at the discretion of leadership.

Appendix

9. Speed limit on PEEC property is 10mph. Vehicles must be parked in designated areas only. Parking on grass is not permitted.
10. No pets of any kind are permitted on campus, with the exception of documented service animals.
11. No open fires except in designated areas as arranged by PEEC personnel.
12. No smoking or vaping is permitted in any PEEC building or shared campus area.
13. All facilities must be left in neat and clean order. Damage to facilities, equipment, or property will be assessed immediately and added to the group's bill.
14. Dining hall meal times are 8:00am, 12:30pm, and 6:00pm unless otherwise contracted. All parties are expected to be present and ready to be served within 30 minutes of the scheduled mealtime.
15. Adult chaperones working with minors must provide valid FBI, state criminal, and child abuse clearances prior to arrival. Adults working with vulnerable populations, including individuals with disabilities or other protected groups, are subject to the same clearance requirements. It is the responsibility of the group leader to ensure compliance before arrival.

Agreement

The undersigned has read and agrees to the Conditions for Use of the Pocono Environmental Education Center. PEEC reserves the right to deny access to, or remove any party from, the premises for failure to abide by these conditions.
